EXPERIENCE

Contract, Freelance — *Jr. Software Tester*

NOVEMBER 2022 - JANUARY 2023

- I ensured responsive web apps worked seamlessly across all devices.
- I ensured cross-browser compatibility for web applications.
- I identified and reported bugs in web applications to facilitate their resolution and improve overall quality.
- I conducted regression testing to ensure that recent code changes didn't introduce any unintended issues, maintaining the stability of the web applications.
- I collaborated with development teams, providing feedback on frontend performance and user experience while participating in discussion on design implementation and requirements.

Intern, BestSoft Technologies — *Frontend Developer*

FEBRUARY 2023 - JUNE 2023

- I translated design mockups into code, implementing UI elements using HTML, CSS, and JavaScript.
- I developed frontend functionality, including interactive elements and client-side validation, to enhance user experience.
- I ensured smooth performance across browsers by troubleshooting and resolving compatibility issues.
- I optimized frontend code and assets to improve loading speed and overall performance.
- I collaborated with backend developers to integrate frontend components and ensure seamless communication in web applications.

Intern, Universal Phoenix Group LLC — *Frontend Developer*

NOVEMBER 2023

- I collaborated with a team of developers and designers to integrate frontend components and ensure seamless communication in web applications.
- I translated design mockups into code, implementing UI elements using HTML, CSS, and JavaScript.
